

Welcome to the Launch Pad

Creating a focused launch in your business is the key to creating your 'Personal Success Story'. A 90 Day Launch Strategy can result in providing the foundation for the successful growth of your business as you move towards the Platinum, Diamond and Royal Diamond ranks. A 90 Day Launch Plan can be used at any stage of your business. If you're brand new, choose the strategy that best fits your goals and your schedule. If you are an existing Consultant, choose or modify a launch plan that will help solidify your SIXPLUS500 Map and help you find new core leaders to expand and grow your business, increase your income and achieve the next rank

Benefits: Consultants who have committed to completing the 90 Day Launch as outlined in The Wellness Trak AND are registered on The Launch Pad will be invited to participate in special Wellness Network Web Casts/Calls, to assist them during the course of their launch. These events will be hosted by Members of the Wellness Network Think Tank, who are Platinum and above in Rank. You will receive notice of the event by email.
