

Royal Diamond **SIXPLUS500** Map

This MAP is only for Consultants who have reached the rank of Platinum. The first step, as a Platinum, is to identify which of your 3 Front Line Golds, or 6 Front Line Silvers are committed to achieve the Platinum Rank in a time frame that is congruent with you reaching your Diamond or Royal Diamond goal. Under each identified person, fill in their Silvers or above who you feel are equally committed to achieving the Platinum Rank, representing the Tap Root for each leg. Create a Platinum SIXPLUS500 Map with each person. This will give you a very clear vision of how many (and where) Silvers need to be created before you achieve a solid Diamond and Royal Diamond Rank.

Business Incentive Goal
(target date to qualify):

Auto/Home Program _____

President's Club _____

Millionaire's Club _____

Leadership Council _____

Royal Diamond

YOU INC
